

'QUICK SCAN' 5-DAY REVIEW P3M3[®] MATURITY

Service Product Sheet

WHAT IS IT

An accelerated 5-day maturity review. Start Monday, report Friday.

Provides:

- Indicative score-ranges for: Project Governance, Project Management Controls, Project Risk Management, Project Benefits Management, Project Finances Management, Project Stakeholders Management, Project Resources Management
- High-level capability strengthening next-step-recs
- Ideal as a **pre-ICR** assessment planning review

Includes:

- 90 minute feedback discussion on the Friday
- Report 1-pager, listing indicative score ranges, key capability issues and risks, and next steps for capability-improvement

OUT OF SCOPE

The Quick Scan P3M3 Maturity review does not include:

- Certification or thread scores
- Detailed Perspective, Thread, or Improvement findings or recs
- Self-assessment workshop

OPTION ADD-ONS

The P3M3 Maturity Quick Scan review covers one model only (e.g. PjM).

- The review alternatives are: PjM, PgM, or PFM
- To add-in a second model, add one-day
- To add-in a third model, add one-day

HOW IS IT POSSIBLE?

Our licensed assessor is one of the world's most experienced P3M3 reviewers and co-author of the model's 2013 v0.3 revision by the UK Government – Grant Avery, MBA (Distinction), PMP. See Grant's LinkedIn profile at: <https://www.linkedin.com/in/grantavery/>

THE VALUE

A full P3M3 capabilities maturity scoring assessment can take 3 to 7 weeks. Longer if a certificate is required.

Early PM capabilities assessment enables **early** course-correction by your PMO, ensuring strengthening programmes are:

- Highest return per dollar
- *Practice-based* not *process-based*
- Tailored to your actual needs
- Supported by senior stakeholders

OTHER P3M3 PRODUCTS

- 90 minute maturity whiteboard session (*no cost*)
- High-level diagnostic review with threads commentary, strengthening recs, and formal report (2-4 weeks)
- Diagnostic review with thread scores (4-5 weeks)
- Certification review (5-8 weeks)
